Regular Meeting Minutes

Florida Keys Mosquito Control District
Marathon Office
503 107th Street Marathon, FL 33050

October 8th, 2024 12:27 pm

The Board of Commissioners of the Florida Keys Mosquito Control District held a Regular Meeting on October 8th, 2024 at the FKMCD Marathon office.

Present Were: Phillip Goodman, Chairman; Dr. Stanley Zuba, Vice-Chair; Brandon Pinder, Commissioner; Andrea Leal, Executive Director. Bette Brown, Secretary/Treasurer was present via telephone. Jill Cranney, Commissioner and Shauna Morris, Board attorney, were absent.

Employees Present Were: Mikki Coss, Director of Operations; Bruce Holden, Director of Finance; Michael Behrend, Director of Human Resources; Chad Huff, Public Education & Information Officer; Deanna Darias, Executive Assistant; Tony Nunez, Chief Technology Officer.

Invited Guests Present: None

Community Input: None

Approval of Consent Agenda: A motion was made by Chairman Goodman, seconded by Commissioner Zuba and passed unanimously to approve Commissioner Brown to participate in the Regular Meeting via telephone. *A motion was made by Commissioner Pinder, seconded by Commissioner Zuba and passed unanimously to approve the consent agenda.*

Approval of Agenda: *Chairman Goodman asked the Board if there were any corrections or additions to the agenda, having none, the agenda was approved.*

Treasurer's Report: Now that the budget has been approved, Commissioner Brown expressed her expectation that we will begin working on the ITN for our bank.

Attorney's Report: None

Director's Report: Middle Keys Field Inspector Steve Degnan was chosen as the Employee of the Quarter. Throughout his four years with the district, Steve has consistently maintained an incredible attitude and is always willing to assist with tasks that fall outside the scope of his position. His presence on the team is greatly appreciated. Director Leal provided an update on mosquito-borne illnesses, stating that while Miami-Dade continues to see an increase in dengue cases, we are holding consistent with the three (3) local cases we had during the summer. With Cuba as the nation of origin, the number of Oropouche travel-related cases has been rising quickly and currently stands at 86. Since there hasn't been a local incidence of dengue for three months, Director Leal anticipates that Monroe County's mosquito-borne illness alert will soon be lifted.

It has been rather quiet with adult mosquitoes, as the last aerial adulticide mission was carried out around July 4. Hurricane Helene and now Hurricane Milton have made the weather unsuitable for larviciding. In Key Largo, where the dengue virus was present, we are still administering liquid larviciding treatments weather permitting. This month, the annual Key West sweep is underway; however, because of the weather this week, we had to return the inspectors who were assisting from other sites to their respective areas. But before the celebrations start, they will concentrate on the Fantasy Zone.

On October 1, Dr. Carla Fry and her colleagues from the Florida Department of Health visited our Marathon facility for the first time to tour and look at our daily operations. We had a wonderful visit and

intend to collaborate with them again in the future. Joe Moore from US 1 Radio streamed live from our hangar this morning in preparation for our Open House in Marathon today. A few local guests, including Director Leal, and many of our employees took part in the radio show. She provided a brief update on Hurricane Milton and the present state of our storm preparations.

In September, we generated \$39,453 in interest revenue, with an average yield of 5.24%, as determined by Director of Finance Bruce Holden's review of the FLCLASS account statement and summary. We spent \$4.3 million in September on operations, insurance payments, and the helicopter cost. Right now, the account has about \$6 million in balance.

The way that Director Leal and her team handled the dengue cases that we had in Key Largo during the summer and managed to prevent the infections from spreading was commended by Chairman Goodman. Director Leal stated that we were able to control the spread with our liquid larviciding treatments via ground and air, which produced excellent results, because we have prior experience with dengue and know what works.

Items for Board Discussion:

9a.) Audit Committee Charter Annual Review – After reviewing the present Audit Committee Charter, the board determined that no changes were necessary at this time. We will begin presenting a resolution to the board in September of next year following the completion of the yearly performance review.

9b.) Invited Speaker: Catherine Pruszynski, PhD, BCE – During the summer, Catherine Pruszynski, a research biologist at FKMCD, conducted two (2) distinct studies, which were presented to the Board. The first was SIT (Sterile Insect Technique) and *Wolbachia* Males' Mating Competitiveness Against Local *Aedes aegypti*; she described the testing procedure, the findings, and the project's future intentions. The effects of ULV larvicide on *Aedes aegypti* larvae in Oxitec Release Boxes were the next topic of discussion. After one replication, there was found to be no effect of ground WDG treatments on larvae in the release boxes. These products could work well together in our integrated mosquito management strategy.

Items for Board Review and Action:

10a.) Financial Reports – Director of Finance Bruce Holden examined the FKMCD Local FY 2023-2024 YTD Cash Basis Net Income in his annual report. It increased from 1.7 million to 2.1 million for the year, which puts us \$400,000 above our projected total. This was brought on by the \$900,000 grant we were given and the postponed \$500,000 second airplane sale. A motion was made by Commissioner Brown, seconded by Commissioner Zuba, and passed unanimously, confirming the Board received the financial information from September of 2024 and the Board requests it be submitted for audit at the appropriate time.

10b.) Resolution 2024-26: Budget Amendment #1 – A RESOLUTION OF THE FLORIDA KEYS MOSQUITO CONTROL DISTRICT OF MONROE COUNTY, FLORIDA AMENDING THE DISTRICT'S BUDGET FOR FISCAL YEAR 2024-2025; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE. A motion was made by Commissioner Zuba, seconded by Commissioner Pinder, and passed unanimously to adopt Resolution 2024-26 as written. After a roll call vote, it was unanimously accepted.

10c.) Resolution 2024-27: Budget Amendment #2 – A RESOLUTION OF THE FLORIDA KEYS MOSQUITO CONTROL DISTRICT OF MONROE COUNTY, FLORIDA AMENDING THE DISTRICT'S BUDGET FOR FISCAL YEAR 2024-2025; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE. A motion was made by Commissioner Pinder, seconded by Commissioner Zuba, and passed unanimously to adopt Resolution 2024-27 as written. After a roll call vote, it was unanimously accepted.

Good of the Order:

Chairman Goodman talked about the upcoming Board meeting, which is scheduled for November 12th. It will include a workshop, a regular meeting, and a meeting of the audit committee.

There being no further business to come before the Board the meeting was adjourned.

Respectfully submitted,

*Andrea Leal

Board of Commissioners
Florida Keys Mosquito Control District

Marathon, Florida 33050

Attention: Bruce Holden, Director of Finance

We are pleased to confirm our understanding of the services we are to provide the Florida Keys Mosquito Control District (the “District”) for the year ended September 30, 2024.

Audit Scope and Objectives

We will audit the financial statements of the governmental activities and each major fund, including the related notes to the financial statements, which collectively comprise the basic financial statements, of the District as of and for the year then ended. Accounting standards generally accepted in the United States of America (GAAP) provide for certain required supplementary information (RSI), such as management’s discussion and analysis (MD&A), to supplement the District’s basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the District’s RSI in accordance with auditing standards generally accepted in the United States of America (GAAS). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by GAAP and will be subjected to certain limited procedures, but will not be audited:

1. Management’s Discussion and Analysis (MD&A).
2. Schedule of District’s Proportionate Share of the Net Pension Liability – FRS and HIS.
3. Schedule of District Contributions – FRS and HIS.
4. Schedule of Change in Net OPEB Liability and Related Ratios.
5. Schedule of District Contributions – OPEB.
6. Schedule of Investment Returns – OPEB.

In connection with our audit of the basic financial statements, we will read the following other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report:

1. Letter of Transmittal.

The objectives of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; issue an auditor's report that includes our opinions about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP; and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

The objectives also include reporting on internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.

Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with GAAS and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the District and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from: (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected customers, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry.

According to GAAS, significant risks include the risk of management's override of internal controls. Accordingly, we have considered this item as a significant risk.

We may, from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

Our audit of financial statements does not relieve you of your responsibilities.

Audit Procedures—Internal Control

We will obtain an understanding of the government and its environment, including the system of internal control, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Other Services

We will also assist in preparing the financial statements and related notes of the District in conformity with accounting principles generally accepted in the United States of America based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform these services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You agree to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. You agree to oversee the nonaudit services by designating an individual, preferably from senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Responsibilities of Management for Financial Statements

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with accounting principles generally accepted in the United States of America, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is responsible for making drafts of financial statements, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with: (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by GAAS and *Government Auditing Standards*.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving: (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, or grant agreements that we report.

With regard to an exempt offering document with which Mauldin & Jenkins is not involved, you agree to clearly indicate in the exempt offering document that Mauldin & Jenkins is not involved with the contents of such offering document. In the event that Mauldin & Jenkins is requested to be involved with an exempt offering document, you agree that the aforementioned auditor's report or reference to Mauldin & Jenkins will not be included without our prior permission or consent. Furthermore, any agreement to perform work in connection with an exempt offering document, including an agreement to provide permission or consent, will be a separate engagement.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Scope and Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

As an attest client, Mauldin & Jenkins, LLC cannot retain or store documents, data, or records on behalf of the District. This is in accordance with the ET section 1.295.143 of the *AICPA Code of Professional Conduct*. The District is solely responsible for maintaining its own data and records.

In that regard, SuraLink is used solely as a method of transferring data to Mauldin & Jenkins, LLC and is not intended for the storage of the District's information. All information you will provide through SuraLink is a copy and you will maintain original documents and data as part of your records.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing. We will schedule the engagement based in part on deadlines, working conditions, and the availability of your key personnel. We will plan the engagement based on the assumption that your personnel will cooperate and provide assistance by performing tasks such as preparing requested schedules, retrieving supporting documents, and preparing confirmations. If, for whatever reason, your personnel are unavailable to provide the necessary assistance in a timely manner, it may substantially increase the work we have to do to complete our engagement, resulting in an increase in fees over our original estimate.

We will provide copies of our reports to the District; however, management is responsible for distribution of the reports and financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Mauldin & Jenkins, LLC and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Mauldin & Jenkins personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by a regulatory body. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit on a mutually agreed upon date, and to issue our reports in February 2025. Daniel R. Anderson, CPA, is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. Our fee for these services will be \$30,500 for the year ended September 30, 2024. Our hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered as work progresses and are payable upon presentation. A service charge of 1.5% per month (18% annually) will be added onto any balances not paid within 30 days. The above fees are based on anticipated cooperation from your personnel (including complete and timely receipt by us of the information on the respective client participation listings) and the assumption that unexpected circumstances (including scope changes) will not be encountered during the audit. If significant additional time is necessary, we will discuss it with management and arrive at a new fee estimate before we incur the additional costs.

As a result of our prior or future services to you, we might be requested or required to provide information or documents to you or a third party in a legal, administrative, arbitration, or similar proceeding in which we are not a party. If this occurs, our efforts in complying with such requests will be deemed billable to you as a separate engagement. We shall be entitled to compensation for our time and reasonable reimbursement for our expenses (including legal fees) in complying with the request. For all requests we will observe the confidentiality requirements of our profession and will notify you promptly of the request.

Reporting

We will issue a written report upon completion of our audit of the District's financial statements. Our report will be addressed to the Commissioners of the District. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue reports or may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will state: (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that the District is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

We appreciate the opportunity to be of service to the Florida Keys Mosquito Control District and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign below and return it to us.

Sincerely,

MAULDIN & JENKINS, LLC

Board of Commissioners
Florida Keys Mosquito Control District
503 107th Street Gulf
Marathon, Florida 33050

Attention: Bruce Holden, Director of Finance

We are pleased to confirm our understanding of the services we are to provide for the Florida Keys Mosquito Control District (the "District").

We will examine the District's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds as of and for the year ending September 30, 2024. The objectives of our examination are to: (1) obtain reasonable assurance about whether the District complied with the specified requirements above; and (2) to express an opinion as to whether the District complied with the specified requirements is fairly stated, in all material respects.

Our examination will be conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Accordingly, it will include examining, on a test basis, your records and other procedures to obtain evidence necessary to enable us to express our opinion. We will issue a written report upon completion of our examination. Our report will be addressed to the Board of Commissioners of the District. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion. If our opinion is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the examination or are unable to form or have not formed an opinion, we may decline to express an opinion or may withdraw from this engagement.

Because of the inherent limitations of an examination engagement, together with the inherent limitations of internal control, an unavoidable risk exists that some material misstatements may not be detected, even though the examination is properly planned and performed in accordance with the attestation standards.

You understand that the report is intended solely for the information and use of the District and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than those specified parties.

We will plan and perform the examination to obtain reasonable assurance about whether the District complied with Section 218.415, Florida Statutes, regarding the investment of public funds is free from material misstatement. Our engagement will not include a detailed inspection of every transaction and cannot be relied on to disclose all material errors or known and suspected fraud or noncompliance with laws or regulations, or internal control deficiencies that may exist. However, we will inform you of any known and suspected fraud and noncompliance with laws or regulations, internal control deficiencies identified during the engagement, and uncorrected misstatements that come to our attention unless clearly trivial.

We understand that you will provide us with the information required for our examination and that you are responsible for the accuracy and completeness of that information. We may advise you about appropriate criteria, but the responsibility for the subject matter remains with you.

You are responsible for compliance with Section 218.415, Florida Statutes, regarding the investment of public funds; and for selecting the criteria and determining that such criteria are appropriate for your purposes. You are responsible for, and agree to provide us with, a written assertion about whether the District is in compliance with the above noted criteria. Failure to provide such an assertion will result in our withdrawal from the engagement. You are also responsible for providing us with: (1) access to all information of which you are aware that is relevant to the measurement, evaluation, or disclosure of the subject matter; (2) additional information that we may request for the purpose of the examination; and (3) unrestricted access to persons within the entity from whom we determine it necessary to obtain evidence.

At the conclusion of the engagement, you agree to provide us with certain written representations in the form of a representation letter.

We may from time to time, and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers, but we remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information, and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

Daniel R. Anderson, CPA, is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

We expect to begin our examination on a mutually agreed upon date, and to issue our reports in February 2025. Our fees for these services are included in the District’s annual audit engagement letter. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket expenditures through the date of termination.

We appreciate the opportunity to be of service to you and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign and return it to us.

Sincerely,

MAULDIN & JENKINS, LLC
